### Captivate the Jury by Setting Them Free

With this book Sari joins the ranks of David Ball, Josh Karton and Claude Stein, the other great non-lawyers who understand our jobs well enough to actually make a contribution to our cases and performance. Sari is a gifted teacher, and there is practical, trial-ready advice on nearly every page.

- Rick Friedman, past president of the Inner Circle of Advocates

A lot articles and books have been written over the years about the jury selection concepts, but this is the first book I've read which so clearly and understandably provides accurate insight about the true precepts involved. Every trial lawyer who is involved in a jury trial should read this book first.
